ABOUT US

The Da Riva travel agency was established in 1996 in Opatija, the cradle of tourism in Croatia. With a tradition of more than 27 years, our agency's success rests on a wide range of services. From the very beginning, the main idea was to provide complete travel solutions with professional experts and fast service tailored to each individual client.

We undertake the complete organization of professional gatherings, meetings, congresses, team building trips and individual tailor made experiences in Croatia and nearby countries.

The main activities of the company are in the field of **incoming tourism** such as:

- accommodation in hotels (allotment), private accommodation and villas
- transfers with our own fleet in luxury brand cars, vans and minibuses
- daily excursions with English, German, Italian, Croatian speaking experienced and trusted tour guides
- round and multiple destinations tours that include visits to Croatia, Italy, Slovenia, Bosnia and Herzegovina, Serbia, Montenegro and Macedonia
- variety of tailor made individual tours, including private outdoor activities and special experiences like truffle hunting, diving to an underwater wine cellar, cooking classes and tasting of local products
- MICE – meetings, incentives, conventions, conferences and events in the Kvarner, Istrian region and south Dalmatia (Dubrovnik).

The agency acquired an extensive experience with agencies and travelers from Europe, U.S.A and Israel.

Good relations with hotels and other accommodation structures as well as having our own fleet guarantees competitive rates. The agency is therefore able to guarantee quality of all the services that Da Riva offers.

OUR VISION

Our goal is to become the single point of contact for all our clients' needs, by providing an outstanding service and surpass expectations whenever possible. We are committed to maintain our position as a local DMC through uplifting services and utmost dedication.

With an extensive experience in active tourism, we are able to organize invigorating experiences as private hiking trips in the breathtaking Italian and Slovenian mountains, biking tours through beautiful natural landscapes of the Istrian and Dalmatian regions, sailing along the Croatian coast with plenty islands to visit - over 1200 to be exact.

Since Covid took a toll on tourism everywhere, it forced us to find some new ways of functioning. Accordingly, one of the novelties introduced by our Da Riva team was the offer of online congresses, because nothing should stand in the way of education and knowledge exchange. We provided a complete solution within an APP (creation of websites, brochures, registration of participants), preparation of lecturers, promotion of sponsors and aftermath data analysis.
