Glavani Park and Pula Day Tour

Begin your journey with a thrill in the heart of Istria at Glavani Park, an adrenaline-filled adventure set in peaceful countryside. Challenge yourself on high rope courses, ziplines, and suspension bridges, or simply relax and enjoy the park's dynamic atmosphere. Glavani offers fun for all whether you're seeking an adrenaline rush or just a unique outdoor experience.

Continue to Pula, one of the oldest cities on the Adriatic, where over 3,000 years of history come to life. Step inside the impressive Roman Amphitheatre, once the stage for fierce gladiator battles. Stroll through the historic city center, past the Arch of the Sergii, the Temple of Augustus, and the ancient Twin Gates, soaking in the charm of this coastal gem shaped by Roman, Venetian, and Austro-Hungarian heritage.

The trip begins with an early morning departure from Opatija by van. After a scenic drive, we arrive at Glavani Park, where guests have free time to enjoy the park's activities. In the afternoon, we continue to Pula for a short guided visit to the Amphitheatre and sightseeing tour of Pula, followed by free time to explore the city. Return to Opatija is planned in the early evening. Total duration of the trip is up to 9 hours.
